Retractable Awnings for Decks and Patios

WHERE FASHION...

MEETS FUNCTION

Of course it's not all about looks. We know the main reason for buying a retractable awning is that you can't use your deck or patio on those blistering hot summer days. By adding a retractable awning you protect not only your home and its furnishings, but most importantly yourself and your family from the harmful U.V. rays of the sun.

Awnings Save You Money! Studies performed by air conditioning professionals clearly demonstrate that homeowners who install fabric awnings can reduce solar heat gain by up to 77% and lower the inside temperature of their home by up to 15 degrees. That makes owning a retractable awning a smart investment. Optional motorization with a remote control is smart for a small additional cost. We make every awning with the utmost care to your exact specifications and back it with the best warranties in the business. Why waste another day sitting inside your home with the air conditioner running when you could be outside enjoying your deck or patio?

Our awnings are designed to be self-supporting so you can enjoy your view without looking at unattractive poles or supports. When your awning is open it's attractive look makes a stunning statement, and when you don't need it, your awning can be easily retracted to blend with your home's exterior. We know that when it comes to your home, looks definitely count. That's why a NuImage Retractable Awning is the only choice.

You're justifiably proud of your home, a place that is both beautiful and comfortable. After all, you work hard and this oasis is where you spend most of your leisure time. You want it to be as special as possible. NuImage Retractable Awnings are the ideal compliment to your home. Whether you want to make a bold fashion statement with our attractive stripe patterns or have your awning quietly blend in with the colors of your home, we have the fabric to match. NuImage offers more than 100 beautiful fabric patterns for you to choose from so you are sure to find the ideal awning to compliment your style.

SUN WHEN YOU WANT IT...
SHADE WHEN YOU NEED IT.

Features

Decorative end cap covers

7-Pin Adjustable
Shoulders shoulder

All arms have a stainless steel chain
tension system for maximum durability.

Available in more than 100 beautiful acrylic
fabric patterns and colors

Our unique front bar designs accent the
framing detail of the awning.

***Important Note:** Retractable awnings are designed for sun protection only. Warranties will not cover damage caused by adverse weather conditions such as wind, rain, snow or sleet.

Provides all necessary heavy-duty brackets for roof mount installation when wall space height requirements cannot be met.

Optional Weatherguard Cover is available to protect your fabric from the elements and dirt while retracted. Recommended for motorized awnings.

Choose from a wide selection of motors and controls to make your awning completely automated.

7700
